

2019

WILLAMETTE VALLEY ROSÉ OF PINOT NOIR

Overlooking our beautiful valley southwest of Eugene, Oregon, our family-owned winery is dedicated to quality without compromise. This Rosé is made from 100% Pinot Noir grapes – sourced from some of the finest sustainably farmed vineyards throughout the Willamette Valley, including our Demeter-USA certified Biodynamic® estate vineyard.

TASTING NOTES

Leading off with a gorgeous strawberry, peach color in the glass, our 2019 Rosé of Pinot Noir has vibrant aromas of ripe strawberries, rose petal, wet stone and hibiscus flowers. There are immediate fresh and juicy flavors like strawberry, Key lime and ripe raspberry that are framed by subtle hints of rose water and chalk. This is light and bright up front and builds a pleasant roundness in the mid-palate that crescendos with mouthwatering acidity. Enjoy now and through 2024.

WINEMAKING PROCESS

Whole cluster pressed with bleeds from premium Willamette Valley Pinot Noir fermentations. Picked with bright and fresh acidity and fermented in 100% stainless steel tanks until dry.

VINTAGE NOTES

A six-year string of unusually hot and dry harvests ended in 2019 when almost four times the normal amount of rain fell in late September. While challenging, these conditions were actually more typical of a classic Oregon harvest – reminiscent of vintages such as 2007, 2003, 1997, 1995 that produced some of the most enduring and delicious wines in a true Oregon style. Temperatures ran slightly lower than 2018 but still above the 20-year average. Harvest from the estate began Sept. 21 and wrapped up Oct. 9, a shorter picking schedule than usual due in part to working around weather events. Vintages like these produce wines where alcohol levels are lower, revealing more complex aromatics and flavors.

Varietal: 100% Pinot Noir

AVA: Willamette Valley

Alcohol: 13.5%
