

2023 Harvest Season

King Estate Winery, located in Eugene Oregon is currently hiring for the 2023 Harvest Season. We are family owned and operated and continue to promote sustainable agriculture since 1991. We are accepting candidates with no experience and are willing to train. Join us if you have ever had an interest in making wine or simply getting into a fast-paced seasonal position with lots of potential for overtime. We are the place for you! Our winemaking team looks forward to bringing on new hires every season to share in the experience. Our harvest schedule begins late September and continues into November with two shifts running 24-hour operations. We are seeking candidates for both night shift and day shift schedules (night shift bonus included). This could be the first step into a lifelong passion of making wine and chasing harvest seasons in different hemispheres. Or it could be a fun seasonal opportunity to make money and learn at the same time. Either way we are committed to making this experience fun and inviting for all that join us on this journey we call harvest.

Key Qualifications:

- Reliable transportation
- Flexible schedule
- Able to work in wet and/or cold environment while processing or sanitizing equipment
- Physically able to lift and carry up to 50 pounds
