\$55

Add Pate + 15

Add Foie +15

King Estate was founded in 1991 by the King family. The winery and vineyard of 490 acres are on an estate of over 1,000 acres southwest of Eugene, in the Willamette Valley AVA. The vineyard is the largest certified Biodynamic vineyard in North America. King Estate farming practices demonstrate a deep commitment to sustainable grape growing and winemaking.

Our winemaking reflects the care that we take in making wines that are well known in the U.S. and beyond, as well as small production wines for our exclusive wine club, The Tower Club. In addition to our nationally known wines, the winery offers forty very limited production wines from celebrated vineyards throughout Oregon and Washington. These wines are all unique limited editions, with some bottlings as few as fifty cases a vintage, available only at King Estate and through The Tower Club.

Membership in The Tower Club means access to special privileges and events, and the superb wines of King Estate.
